

The Clark County Credit Union 2023 ‘Smart Start’ College Scholarship Program

Purpose

Clark County Credit Union is awarding students with a “Smart Start” College scholarship! This program is part of an ongoing effort to help our members realize their financial goals and dreams through education.

The goal is to encourage ambition and reward merit in CCCU-member students and to help them go on to higher educational opportunities. Open to graduating high school seniors or those who are currently enrolled in a state-accredited college or university.

Scholarship Format

CCCU will award ten \$1,000 scholarships this year to qualified applicants.

The scholarships are in the amount of \$1,000 each, as a one-time, non-renewable gift towards the student’s college study.

The selection of the winner is based on academics and other activities as well as an essay responding to a question to be posed each year. The essay topic for the year 2023:

A recent topic of discussion for many of our members is how to adjust for inflation. In what ways are you adjusting your money and spending habits to account for inflation in our current economy? Please share some of the financial topics you would want to learn about that would help with your future finances, and why you selected those topics.

The essay is to be prepared according to the Rules and Eligibility section (see below).
